

BH251

19" 2U Mounting Panel For L-Series Units

Overview

The BH251 is a mounting panel for up to three of our L-Series units. For example, the BH184 or BH187 can be fixed to the panel enabling the units to be used in a standard equipment cabinet and it has the added advantage that up to three units may be powered from just one power supply.

The panel can be supplied empty or pre-loaded with any combination of L-Series units and comes complete with 230V plug-top 12V DC power supply (110V available on request).

Mounting panel shown with three BH184 units attached

Technical Information
